7100
A3
Colour Printer

Xerox® Phaser® 7100
Colour Printer
Impactful colour
plus oversize printing,
now on your desktop.

Xerox® Phaser® 7100 Colour Printer

Get the results your work demands. Renowned Xerox print quality meets a desktop colour printer that gives your office documents superior visual impact. The Phaser 7100 Colour Printer excels at producing exceptional detail and clarity on a wide variety of media – including oversize paper – providing the capabilities you need to ensure every important print job makes a strong impression.

Print Quality You Can Count on

The Phaser 7100 Colour Printer delivers exceptional print quality on the documents that enhance business communications – even on oversize media.

- **Clearly superior results.** True 1200 x 1200 dpi resolution delivers superior sharpness and clarity on every page you print. You get impressive fine-line definition and crisp fonts that stay legible even at smaller point sizes.
- **Reliable precision.** True Adobe® PostScript® 3™ ensures that visually rich documents print reliably and quickly, while Xerox® colour correction technology make sure that specified colours print accurately and consistently.
- **Superior toner.** Our EA Toner fuses at a much lower temperature, and reduces overall energy consumption during manufacturing and operation by up to 20% and CO₂ emissions by nearly 30%, compared to conventional toner. It's also oil-free, delivering brilliant, glossy output, even on ordinary paper.

Flexible Productivity

It doesn't matter if your documents are colour or black and white, A4-size or oversize – the Phaser 7100 Colour Printer has the power and features you need to handle a variety of office print jobs.

- **Fast output.** Print jobs are ready when you are thanks to a colour and black and white print speed of up to 30 ppm for A4-size documents.
- **Networked to share.** With either standard Ethernet or available Wi-Fi networking, you can locate the Phaser 7100 where it's most convenient regardless of your office's network connection points.
- **Increase accountability and reduce costs.** Use accounting features to track and analyse both colour and black-only printing, and to accurately charge back billing for individuals or departments.
- **Peace of mind.** A full one-year on-site warranty ensures that your printer will be on-line, all the time.

Simplicity in Your Office

Whether you place the Phaser 7100 Colour Printer on a desktop or configure a floor standing solution, you get superior printer management capabilities and innovative features that make it especially easy to use.

- **Compact and resourceful.** Sized to fit your work group's space and printing needs, it's available as a low-profile desktop printer, or it can be configured into a highly productive floor-standing model with up to three additional 550-sheet trays – for a total paper capacity of 2,050 sheets.
- **Effortless printer management.** Our CentreWare® Internet Services embedded web server helps you save precious time. Enjoy configuration cloning and automatic installation, and view job status and troubleshoot right from your web browser.
- **Bi-directional communication.** Get instant updates on your print jobs, along with toner supply levels, from the front panel, your desktop or even over the web. Pop-up alerts immediately notify you of any print problems and how to fix them quickly, giving users more time to focus on their work.

Phaser® 7100 Quick Facts

- Print up to 30 ppm colour and black and white
- True 1200 x 1200 dpi print resolution
- True Adobe® PostScript® 3™
- First-page-out time as fast as 9 seconds black and white, 11 seconds colour
- Optional Wi-Fi connectivity
- Optional automatic two-sided printing
- Standard 400-sheet paper capacity (expandable to 2,050 sheets)

WxDxH:
499.5 x 538 x 406 mm
Weight: 44 kg

1

250-sheet output tray.

2

Optional Productivity Kit adds helpful font storage and Network Accounting capabilities, plus increased security with Hard Disk Encryption and Overwrite.

3

150-sheet Bypass Tray feeds a wide range of custom sized media all the way up to A3, as well as 210 x 900 mm and 297 x 1200 mm banners.

4

250-sheet Tray 1 with automatic paper size sensing supports paper sizes up to 297 x 432 mm

5

Up to three additional 550-sheet Feeders with automatic paper size sensing support paper sizes up to 297 x 432 mm and boost total paper capacity to 2,050 sheets.

6

Optional System Cart with Storage Drawer provides storage for a complete set of toner cartridges.

Comprehensive Security

- **Easy management.** Powerful tools let you control who prints in colour, and when.
- **Private data stays secure.** SecurePrint holds the job in the queue until a PIN is entered at the printer, and Image Overwrite “shreds” data after every job or on request.
- **A good network citizen.** Built-in support for the latest security protocols including IPv6, 802.1X Authentication and Secure HTTPS (SSL).

Options

- Productivity Kit (includes 40 GB hard drive)
- 550-sheet feeder
- Automatic two-sided printing
- System Cart with Storage Drawer
- Wireless Network Adapter
- 1 GB Memory Upgrade
